Please be courteous to our volunteers. We will do our best to keep traffic moving quickly, but we need everyone to be flexible and understanding as we may have to make changes during the event.

- ENTER from Circle Drive on the west
 - If you ONLY have oil and/or HHW you will be directed to the east lane. Stay in your vehicle and someone will help you unload.
 - If you have document shredding, you will be directed to the west lane. Stay in your vehicle and someone will help you unload.
 - If you have both shredding, HHW and/or oil you will also enter the west lane. Have your shredding ready first. You will then enter the HHW/oil disposal lane. Stay in your vehicle and someone will help you unload.
 - Please park and walk over to get a tree from the NPNRD and/or to have a well water sample tested. KSGB will also have a table with giveaway items. The Gering Public Library will have an information booth. These partners will be located near the old JCPenney building.
- EXIT on the south to Circle Drive.
